

Dear Student:

Thank you for choosing course # 3405-996, "Transforming Trauma with EMDR: Advanced Clinical Workshop & Refresher Course," with Laurel Parnell, Ph.D. on July 26-31, 2015.

Please note that there are submission requirements for this course. Please send appropriate paperwork (see below) to Omega Institute, Attn: Registration Department, 150 Lake Drive, Rhinebeck, NY 12572 or scan and email to classapplications@eOmega.org.

PARTICIPANTS MUST HAVE COMPLETED EITHER LEVEL II TRAINING OR AN EQUIVALENT EMDRIA-APPROVED COURSE. If you attended the training at Omega, please send a letter explaining that and listing the dates you attended. If you attended elsewhere, you need to provide a copy of your certificate of completion. You will not be permitted to enter the class unless the appropriate paperwork has been received.

Attendance is limited to **mental health professionals** who have a master's degree or higher in the mental health field and are licensed or certified through a state or national board, which authorizes independent practice. **Applicants should send a copy of their license or certificate.**

Intern/graduate student requirements: Completion of graduate level coursework at an accredited school and on a licensing track under state sanctioned supervision by a licensed clinician is necessary. Clinical supervisor must be EMDR trained. **Please submit a detailed curriculum vitae/resume and a current supervisor's letter with his/her degree and license number.**

Canadian registration requirements: A minimum of master's degree in clinical or counseling psychology or social work is required. Applicants should also hold membership in a professional association that has a written code of ethics or standards of conduct and hold professional liability insurance.

Be advised that anyone not submitting the appropriate paperwork will not be allowed entrance into the class.

The reason you can only take this class if you are a licensed professional is because it is a requirement of the EMDR International Association that approves EMDR training. EMDR is a very profound and complex therapy that builds on the skills and experience of psychotherapists.

This course is approved by EMDRIA, the EMDR International Association, for 22.5 EMDRIA credits.
