

“NEW” Program for...

Returning Students!

I have developed a new program for students who within the last three years, have been in one or more of my CONSECUTIVE 3, 4, OR 5 DAY *Watercolor Secrets Revealed* workshops...

“An advanced workshop within a workshop”!

This customized program provides you with:

- A review and evaluation of your artwork before the workshop.
- A customized plan of action during the workshop
- One extra hour of instruction daily (during the lunch hour; you will take your lunch hour at a different time)
- A special table area during the workshop
- A customized painted-prelim of your subject

Here is what you need to do:

- Notify Omega that you are a “Returning Student”!
- Approximately **2-3 weeks before the workshop**, mail me (3 or 4) 5” x7” **printed color copies** of your current work that I can write a critique on. These should be pictures of your art that you have completed since the last workshop you attended with me. Please include the year and name of the hosting group; or the city and state of that workshop.

This way we can continue from where we left off after your last workshop; and continue to advance further with a personalized plan. This program will give you the opportunity to start off on doing a finished painting. There are usually others doing the same thing and I set aside a special place where you, and the others, can sit together. If you hear something I am doing with the new students, you can join us; otherwise I will come visit you at your table and offer any help needed. I have tested this out before with rave reviews. So, if it fits in your schedule this year (or any other time) ... join me again. Wish you a wonderful year of painting, and hope to see you soon.
